Ithaki House Ideal Guest

Location: Our ideal guest is looking for off the **beaten track holiday locations** and at the same time wishes to be close to culture and amenities. They are not seeking to be on the beach but in close proximity. They are **not into package holidays; avoid crowded resorts** and mass tourism hot spots.

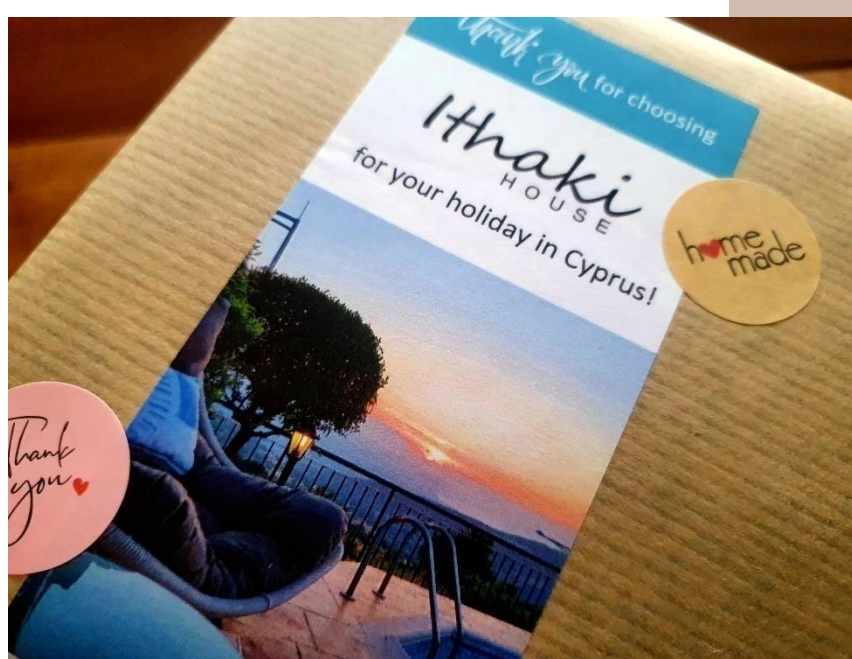

Nature and cultural lovers: Inspiring destinations where they can enjoy the **quiet pace of rural life**. Love blending in with the local community and become part of it even for a few days. They appreciate the local hospitality and familiar faces.

Gastronomy lovers: Our guests seek to taste and **experience local cuisine** (they are not into hotel buffets or the typical English breakfast). Love home cooked and home grown delicious food in small family-run restaurants hidden around the beautiful villages.

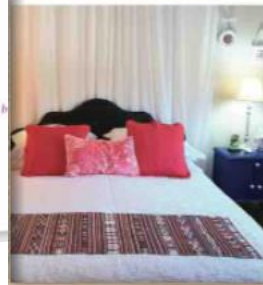

Holiday home: Our guests plan their holidays well in advance. They search a spots with sensational views, a place of comfort, a home away from home. They love their comforts so they appreciate a fully equipped and cozy place. They seek **direct contact** with the owners throughout and they appreciate knowing that they can contact them for whatever they may need. When they find the right place they want to **come back again and again** as they love the familiarity of it all.

They are prepared to **pay a premium** for the right location and the right place.
